Milano Schools Accreditation Program OKed

Supt. Charlie Martin reported on the Milano School's three-year accreditation program during the regular monthly meeting of the Milano school board.

A representative of the Texas Education Agency, Dr. Eddy Morgan, visited in the Milano Schools recently as part of the program. Morgan's visit was to check on the school's ratio of minority students to minority teachers, and minority participation in various school activities.

Supt. Martin said, "Dr. Morgan found things in order and gave the school an excellent report."

In other business the board discussed school taxes. Taxes collected so far this year amount to approximately \$12,754.00; an increase over last year's \$11,507.75.

Also, the board discussed the Oct. 22 Halloween Carnival. Money collected from each class or organization will be deposited in an activity account to be used by the class for school trips, sports equipment or games.

They discussed the November 26 Milano School Homecoming for all ex-students and teachers. The homecoming will begin at 3 p.m. Longtime Milano School teacher Mrs. Pearl Williams will be honored. Mrs. Williams retired this year after 56 years in Texas schools.

Open House Set For MH Center

The public is cordially invited to attend an Open House at the Milam County Outreach for Mental Health on Tuesday, November 1, from 2 to 4 p.m.

The Outreach Center has been in operation since 1971 and has three full time employees: Mrs. Nona Miller, director; Mrs. Monica Schiller, caseworker, and Mrs. Ruby Holliman, secretary.

In addition, they have two consulting psychiatrists, a clinical psychologist and a psychology Associate that come on a regular basis.

Services are available to all residents of Milam County, regardless of age, sex, race or income. Office hours are 8 a.m. to 5 p.m. Monday through Friday.

Speeders Urged To Slow

AMBULANCE VOLUNTEERS Monday night met with Cameron volunteer firemen to view equipment on the fire department's

rescue unit, and to discuss training for emergencies. The ambulance service this month marked its first anniversary.

United Way Helps

Volunteers Are Dedicated

(Another in a series about organizations that benefit from United Way contributions. A drive for \$10,000 will be held in Cameron.)

Members of the Cameron Volunteer Ambulance Service marked their first year of operation with a recent barbecue supper, and guests heard about remarkable success achieved by this group of dedicated citizens.

Volunteers answered 500 calls during that first year which ended Sept. 30, traveled 11,469 miles, and collected 73 percent of its charges. And members are looking forward to getting a new ambulance which will add new dimension to the service.

The group, numbering about 33, meets twice a month for training. All have Red Cross cards and are trained in cardio pulmonary resuscitation (CPR). At this time eight members are enrolled in an

emergency medical technician (EMT) course at Scott and White Hospital and more members are scheduled for the training in January.

The EMT course consists of advanced training in new skills and skills the volunteers are now using.

Last year the money from the United Way was used to purchase a "Resusci-Annie", a dummy that is designed for CPR training.

A new ambulance to replace one of the two now on the service will be delivered around the end of January, and will be a high-top van. A new radio system being set up by the Central Texas Council of Governments will enable ambulance attendants to communicate with both local hospitals and with Scott and White in Temple.

The hospitals will have radio consoles with a trained attendant (a doctor at S&W) to give instructions in case of an emergency.

Volunteers work in shifts, with three at a time being on 12-hour call. The shortage of members (there is room for 60) means that the present volunteers are on call more than they would be if full membership was reached.

The service hopes to have another school after the first of the year to train more volunteers. And the service is also willing to give a course in CPR training if enough people are interested. This training could be lifesaving in the case of a heart attack or if breathing stops. Many times emergency

treatment given on the spot in such cases has meant the difference between life and death.

On Monday evening volunteers viewed volunteer firemen's rescue equipment, which is available for emergencies. Fire Chief Felix Matula stressed that the two groups should get together for training in simulated emergencies, and to become familiar with the city's disaster plan.

As we said, more ambulance volunteers are needed, and anyone interested should contact Kevin Harmon, Charles Strode or Kay Glaser.

Cameron is indeed fortunate to have such a group of citizens who care enough to perform a service that we couldn't do without.

One Person Injured In

Sunday Traffic Mishaps

Two accidents were investigated by Cameron police Sunday afternoon, with one person admitted to a local hospital for observation.

About 4 p.m. cars driven by Becky McDaniel of Cameron and John Morris of Fort Hood collided on West 4th St. McDaniel was taken to the hospital and admitted.

Then later, around 6:30 p.m. a car driven by Bennie Lee Canady of Cameron struck the school's chain link fence at 12th and Fannin, tearing a gap in it.

Bake Sale Nets \$600 For Marek

The bake sale held Friday and sponsored by women of Cameron churches, raised over \$600 for the "Wheels for Edwin" fund. A spokesman for the sale said by 4 p.m. "everything was sold out and we could have sold scads more."

Donations at both banks, including the \$600, now total about \$875. Anyone who wants to give to the fund, which is to help purchase a special van for Edwin Marek Jr., may do so at either bank in Cameron.

Move Clock Back Sunday

Clocks will be moved back one hour at 2 a.m. Sunday for Daylight Savings Time. Thus we can get back the hour's sleep we lost when clocks were moved forward in the Spring. Don't get confused--just remember "Spring forward, Fall back."

DPS Director Cites Increase In Fatalities

AUSTIN

The director of the Texas Department of Public Safety today issued an appeal to Texas motorists to give better voluntary compliance to the 55 mile per hour speed limit on the state's highways.

Col. Wilson E. Speir said he is alarmed over the increasing percentage of drivers exceeding the speed limit, particularly in light of the increasing number of fatalities and major accidents in the state.

"From our own observations as well as surveys conducted by the Department of Highways and Public Transportation, it is indicated that the vast majority of vehicles on our roads are exceeding the legal speed limit of 55 MPH," he said.

"Meanwhile traffic fatalities are on the increase, showing an eight per cent rise over the same period last year. At last report traffic deaths have increased from 2,467 at this time last year to 2,675 -- an increase of 208 deaths. "What's more, the percentage of increase in deaths is becoming greater with each passing week."

"The latest report indicates that some 74 per cent of motorists are exceeding 55 MPH. This compares to 69 per cent exceeding 55 during the calendar-quarter year ending December 1, 1976."

Speir reported that there is an alarming increase of 50 per cent in deaths on the interstate system over last year.

Local Rookies Are Certified

Two Cameron rookie policemen graduated Friday, Oct. 21, at Texas A&M University in a basic certification course for law enforcement officers.

Receiving certificates were Stephen K. Hanel and Richard L. Saunders Sr.

Conducted by the Law Enforcement and Security Training Division of the Texas Engineering Extension Service, the six-week course equips new peace officers with a broad base of knowledge on which to build their law enforcement careers.

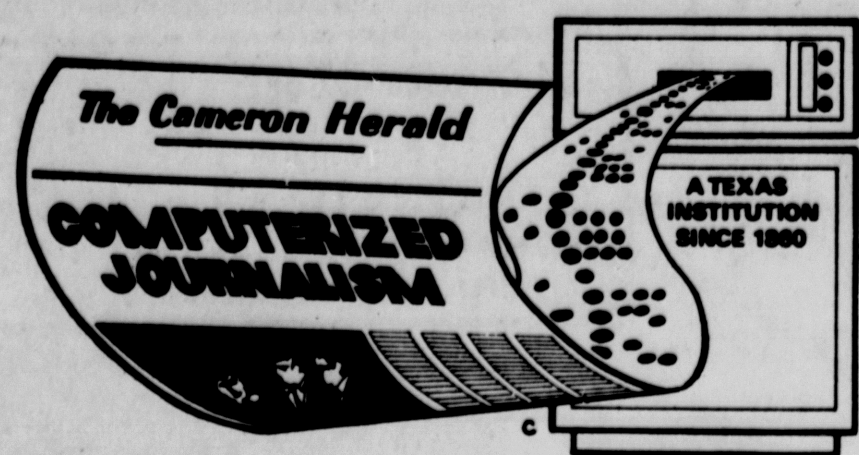

Such training is required of new personnel within six months of joining a department. Certification minimums are prescribed by law through the Texas Commission on Law Enforcement Standards and Education.

TROPHY WINNERS - The Cameron volunteer firemen's pumper team shows the trophy won for third place at the State Fair in Dallas with a time of 16.6 seconds. With the trophy are team captain Henry Horelica, left, and Jim Delony. Back row from left, Jim Lafferty, John Hairston, Thomas Harwell and Leslie Bruedigan.

NOON LIONS GIVE - A check for \$1500 for the Youth Exposition Building fund is presented by Noon Lions John Homestead and Buddy Dulin, left, YEB officers Narvie Caperton, Melvin Hollas and Bill McCutchen. The funds come from the annual Noon Lions Raffle Auction held in June, and will be used for debt retirement.

Narvie...

A doer is rare.
He drives himself to do
things, to make things bet-
ter. And he does it beyond
the limelight for the satis-
faction that he is doing, that
he is part of the momentum
of life, that he uses every-
thing he has and delivers
more than is expected.

He exhorts in that he is
doing something while most
everyone else is wringing
their hands and their crying
towers. He sublimates his
fears for the response that
makes fear pointless and the
response meaningful.

Narvie is a doer. He as-
sures himself a place in the
modern history of this town
and area because he did pre-
cisely what a doer must: he
did things, he made the cri-
tical contacts and the un-
heralded plays which stitch-
ed big plays together.

He presided over much of
the industrial develop-
ment of Cameron when it
was either in or out. He
knew and he stayed young-
er for it.

Even a young heart gives
out. And youth in younger
years might remember it
happens much earlier to
men without the drive Nar-
vie had.

But Narvie is at the ad-
vantage. His is the know-
ledge that he is a part of
things that continue, des-
pite eras changing and ho-
pes dashing in lack of vi-
sion.

The Narvie Capertons are
among the builders. And
there is a certain timelessness
for builders, doers.

Narvie Caperton is one of
these.

Confrontation Of Ethic...

U. S. Supreme Court and
particularly Justice Thur-
good Marshall, are evalua-
ting the impact of a land-
mark case argued there on
a question of "reverse dis-
crimination."

It is Regents of the Uni-
versity of California against
Bakke. Allan Bakke is a white
student with better qual-
ifications who was denied
a place among freshmen
medical students because of
a quota system allowing 16
openings for minority stu-
dents, who in Bakke's case,
were less qualified, but ad-
mitted.

Three years after court
tests reaching the Supreme
Court, Bakke's case is one
of the heaviest questions to
be weighed on the subject
of individual rights since
Brown vs Board of Educa-
tion in 1954. This is the
case Justice Marshall ar-
gued successfully before the
Supreme Court bench he now
shares with eight other jus-
tices.

The landmark decision
opened public schools to in-
tegration and set the ex-
ample for test cases and le-
gislation which have since
given the 14th Amendment
validity.

The Bakke case ad-
dresses a contemporary
problem of the law in ef-
fect stabilizing openings
lessor privileged and less-
er motivated minorities
through quota systems.

The case is juxtaposing
the rights of society and its
individuals in terms of mo-
ral and merit prerogatives.
It is justice, in effect, to

allow lesser-advantag-
ed minorities a chance; but
it is also justice, in effect,
to allow merit its reward
on the same ground on the
same tests, regardless of
background.

It may be analogous to
point out in athletics mi-
nority athletes, particu-
larly blacks, have begun to
dominate sports in recent
years far out of proportion
to the percentage of blacks
among whites. The minor-
ities are motivated and gift-
ed. People of Jewish heri-
tage are successful in the
more intellectual fields far
out of proportion to their
numbers.

Which is to say no quota
system is maintained in in-
tellectual or athletic wor-
lds. And why, the question
must be asked, should it be
maintained in professional
or other worlds?

This is the major ques-
tion to be considered in de-
termining the Bakke case.
Without a quota system, mi-
norities may not have had a
start. But with a quota sys-
tem, they may never feel
their accomplishment is as
complete as those in ath-
letics and music among the
blacks and in intellectual
pursuits among other mi-
norities.

In this society, the bal-
ance has been for the Greek
ethic of excellence and the
Christian ethic of charity.
The Supreme Court must
decide how the Bakkes will
continue to be motivated
in a contemporary move-
ment to deal with minority
injustices of the past.

Two More Texans Join Candidate Lists

Two more well-known Texas names are now
on the definite list of candidates for statewide office.

Former State Insurance Board Chairman Joe Christie,
who served in the State Senate from El Paso 1966-1972,
announced for U.S. Senate in the Democratic primary.

Mark White Jr., a Houston lawyer who has been serving
as Gov. Dolph Briscoe's secretary of state since 1973, en-
tered the Democratic race for attorney general.

White's resignation opened another sought-after ap-
pointed position. A long line of applicants for the secretary
of state's job formed quickly outside Briscoe's door.

Christie, 44, will meet U.S. Rep. Bob Krueger of New
Braunfels, 41, in the senatorial primary. The winner will
take on veteran U.S. Sen. John Tower in November 1978.

White, 37, collides with Price Daniel Jr., 36, 1973-74
Speaker of the House and son of former Gov. Price Daniel
in the attorney general's race.

State Republican Chairman Ray Hutchison, meanwhile,
formally resigned his position and reportedly has signed on
a campaign consultant to make a race for governor.

James Baker III of Houston has filed forms with the
secretary of state indicating an interest in running as a
Republican for attorney general.

Enrollments Are Climbing

Texas college and university enrollments are up nearly
four per cent over last fall. The total is expected to reach
720,679 compared with 696,005 in 1976.

Senior college campuses reported increases ranging from
less than one per cent to 45 per cent. Thirty seven private
senior colleges grew 2.1 percent to about 73,200.

Public community college enrollments on 56 campuses
total 304,966—up 4.6 per cent over 1976. Private junior
colleges declined 2.8 per cent.

Barnhart New GOP Head

Ray Barnhart of Houston was elected chairman of the
state Republican party 37 votes to 26 over Collin County
Judge Nathan White of Plano.

Morris Atlas of McAllen was appointed by Gov. Dolph
Briscoe to the Texas Alcoholic Beverage Commission to
succeed R. L. Thornton Jr. of Dallas who resigned.

Briscoe named 20 members to the Greater South Texas
Cultural Basin Commission.

Commission Sets Hearing

The Railroad Commission ordered a December 16 hear-
ing here on Arkansas Louisiana Gas Company's proposal
to increase gas service rates in environs of 28 East Texas
cities by 55.47 per cent.

Cities in the Arkla service area are Atlanta, Avinger,
Bloomburg, Daingerfield, DeKalb, Douglassville, Gilmer,
Hooks, Hughes Springs, Jefferson, Leary, Linden, Lone
Star, Maud, Mt. Pleasant, Mt. Vernon, Naples, Nash, New
Boston, Omaha, Ore City, Pittsburg, Queen City, Talco,
Uncertain, Wake Village, Winfield and Winnsboro.

Texas Courts Speak

The Court of Criminal Appeals heard arguments on con-
stitutionality of the new Texas death-by-injection law gov-
erning future executions of condemned criminals.

A steel buildings firm lost a \$331,400 death benefits suit
filed against the company by families of two men killed in
a collision with one of its trucks near Austin a decade ago.
The Supreme Court upheld lower courts.

The high court rejected a \$52,500 damage suit in which
a mother claimed a monkey's bite crippled her young
daughter's finger and retarded her musical abilities.

Attorney General Opinions

It is unlawful to take shrimp from any water in Cham-
bers, Galveston, Harris and Victoria counties within a mile
of a city by use of trawl, Atty. Gen. John L. Hill held.

In other recent opinions, Hill concluded:
A city hall memorandum collecting information compar-
ing wage rates in public and private employment is ex-
empt from disclosure under the open records act. How-

OLD PHILOSOPHER

Dear editor:

I understand Congress is con-
sidering allowing its sessions to
be televised but has postponed a
vote on it till after the first of
the year, on the grounds I su-
pose that a bill that's not worth
postponing is not worth passing.

Some Congressmen are vio-
lently opposed to having sessions
televised, contending it'll dam-
age Congress' image. My con-
tention has been that it won't
damage Congress but it might
kill television.

I have read the Congressional
Record, which prints every word
spoken in the House every day,
and I can tell you that with a
script like that the TV audien-
ce will drop almost to zero. A
fourth re-run of a movie that
flopped would draw a bigger au-
dience. It just takes too long for
some Congressmen to say no-
thing. And Congress has so many
complex parliamentary rules that
by the time a member learns them
all he's been there so long he's
become chairman of a powerful
committee and it's too late for
the country to do anything about
him.

But there is a part of Cong-

ress that'd make good television
fare. If you could get the cam-
eras into the cloak rooms and
the private offices of members,
where the deals are made, the
arms twisted, the votes swapped
and the real business transac-
ted, daytime soap operas would
be in for some stiff competition.

Nonetheless it'd be interesting
for a while at least to see Con-
gress televised. There couldn't
possibly be a single member as
boring as Howard Cosell on Mon-
day night football. When Mr. Co-
sell says "I'll tell you one thing,"
get set for fifteen or twen-
ty. There's nothing to the re-
port, is there, that he's going to
run for Congress?

Yours faithfully,
J.A.

guish vertebrates from inver-
tebrates was Jean Baptiste de

positions which do not reveal that the city staff has de-
termined that those positions are comparable to the city
fire-fighting positions, the raw data must be revealed.

Short Snorts

Dr. Robert B. Sheldon was removed as superintendent of
Rusk State Hospital following an investigation. Dr. Rob-
ert M. Inglis, San Antonio State Hospital superintendent,
will assume additional duties as acting superintendent at
Rusk.

The Railroad Commission approved \$8.6 million in land
reclamation bonds to cover surface damage at three of the
state's largest lignite strip-mining sites—Big Brown near
Dallas, Martin Lake in Panola County and Monticello in
Titus and Hopkins counties.

The School Land Board and other boards for lease will
hold an oil, gas and sulphur lease sale in the General Land
Office February 7.

Building construction is continuing to boom, and 177
new and 196 expanded manufacturing firms were reported
during the first three quarters of 1977.

County Agent's Notes

Shortage Of Pecans Means No 1977 Show

By Bill McCutchen
Milam County Extension Agent

There won't be a Milam County Pecan Show this year as pecans are a rarity throughout the county. In a poor crop year like this you can tell who is serious about producing pecans and if that is the case there aren't many serious about pecan production locally. If we would think of pecan production as growing and maintaining a leaf crop we would harvest a lot more pecans each Fall. The most important pecan crop is late season leaves. Well managed pecan trees will retain their leaves until the first frost and many years this means early December. These leaves will manufacture the food required for next year's early leaf crop, catkins and small nutlets. If a healthy Fall leaf crop isn't maintained you can expect the following crop to be short. A good spray program to keep pecan

scab and the black aphid in check is a must to make a pecan crop annually. **FALL IS PERSIMMON TIME.** Oriental persimmons make excellent home fruit crops and are beautiful in the home landscape. Another plus is that they require little or no spraying for insects and diseases. These fruits are delicious when fully ripe and are high in Vitamin A. The Oriental persimmons are usually fully ripe with the first frost. The best varieties are Eureka, Hacheija, Tane-Nashi, Tamopan and Fuyu. The Fuyu can be eaten before fully ripe without being astringent. Eureka is the best producing variety. Hacheija and Tane-Nashi have large trees and excellent quality fruit. Tamopan has the strongest tree. The common American persimmon can be used as an excellent rootstock for any of the Oriental varieties.

Cattle Feeding Shows Improvement

The Cattle feeding picture is brightening somewhat due to an improved fed cattle market and declining grain prices, says a livestock marketing specialist for the Texas Agricultural Extension Service. "Thus, cow-calf producers might want to consider feeding their calves or yearlings this year," says Dr. Ed Uvacek. "If they do, they need to remember to carefully price the feeders at current market prices, instead of at their actual cost." Due to reduced calf supplies, producers will likely be paying higher prices for light-weight feeders. However, Uvacek cautions producers not to overpay. "A 400-pound animal bought for \$4 more per hundredweight than a 600-pound animal has a higher break-even cost when finished if the cost per pound of gain is about the same. At current feeder prices, if the cost per pound of gain is more than 38 cents, even a \$2 premium for the lighter weight animal might mean a higher break-even price," emphasizes Uvacek. For comparison, Uvacek offers some break-even figures for producers interested in feeding calves. The break-even price of a 400-pound feeder bought at \$40 per hundredweight would be \$37.39 if the cost of gain was 36 cents, \$38.70 if the cost of gain was 38 cents, and \$40 if the cost of gain was 40 cents. For the same weight feeder bought at \$44, the break-even price at the three different costs of gain would be \$38.78, \$40.09 and \$41.39, respectively.

Firm and Dry- Best Onion Buy

AUSTIN -- When purchasing onions, look for ones which feel firm, are dry and have small necks, the Texas Department of Agriculture home economist advises consumers. The onions should be covered with papery outer scales and be reasonably free from green sunburn spots and other blemishes, she says. Shoppers should also avoid onions with wet or very soft necks. This is usually an indication of immature onions or those affected by decay. She also points out that onions should not be stored with potatoes because they will take on moisture from the potatoes and decay faster.

Danger From Salmonella

AUSTIN—Recent reports have spotlighted the danger of food poisoning in meats from salmonella, says Agriculture Commissioner Reagan V. Brown, but many people aren't sure exactly what salmonella is.

Salmonella is a generic term applied to a group of about 1,600 closely related types of bacteria that cause food poisoning in humans. Salmonella is found in raw meats, poultry, eggs, milk, fish and products made from them, he says.

Food contaminated by salmonella does not change in taste, odor or flavor, says Brown, therefore it is difficult to detect. The disease caused by salmonella is called salmonellosis.

Although rarely fatal, salmonellosis causes headaches, diarrhea, abdominal discomfort and vomiting.

Preventing food poisoning from salmonellosis is based on four principles: (1) Cooking foods thoroughly and serving hot; (2) Cleanliness in preparation and sanitary utensils; (3) Prompt cooling or freezing of foods after preparation; (4) Full reheating of stored foods to destroy bacteria.

Chriesman To Host Market, Deer Hunters Chili Special

The first annual, first northern deer hunters chili special and flea market of Chriesman will be held Nov. 12 in downtown Chriesman from 10 a.m. - 6 p.m. Chriesman is located just off Hwy. 36 between Milano and Caldwell.

The Chriesman Improvement League is sponsoring the event to provide an opportunity for individuals to display and sell their wares and allow the public to buy handcrafted items (from bonnets to Christmas ornaments), and home made goodies in a truly rural setting.

The League invites deer hunters in the area to come over and enjoy a bowl of on-the-spot, open pit, home made chili and home baked bread, cookies, cakes and pastries.

The League is a newly organized group of individuals interested in the reconstruction of the once thriving community of Chriesman. There are three historical markers, and four buildings of historic significance in

the small community.

There are still booth spaces available at \$3 each. Exhibitors are asked to supply their own display devices. You may participate with any crafted items, sewn articles, foods or garage sale type items.

Contact Mrs. Lucille Hopkins at 713-535-4864, Mrs. Katie Worham 713-567-3944, or Mrs. Carressa Inman 713-535-4257, or write c/o Chriesman, Texas 77838 for reservations.

Bring your fleas and your friends and enjoy the day in Chriesman!

Yoe Band To Compete

The Yoe High band will march at 2 p.m. Tuesday, Nov. 1 in the UIL marching contest. This will be held at Tyson Field in Waco, located on Lake Air Drive.

PERSONAL MENTION

Frances and Margaret Zotz daughters of Mayor and Mrs. Lawrence Zotz, along with their aunt, Mildred Zotz, have recently returned from a nine day trip to the Hawaiian Islands. During their stay, they visited the island of Oahu with its famed Waikiki Beach, Diamond Head, Paradise Park, Iolani Palace, Aloha Tower, Punchbowl Crater Cemetery, Pearl Harbor and Sea Life Park; the island of Maui, the location of the Haleakala Crater and the town of Lahaina with its small boat harbor; and finally the island of Kauai, the Garden Island where they took a boat trip down the Waialua River to the Fern Grotto and visited the spectacular Waimea Canyon.

Michalka

William J. Michalka, 86, of Cameron, died Friday in Cameron of an apparent heart attack.

Funeral was at 10 a. m. Monday at St. Monica's Catholic Church in Cameron. Mr. Michalka's son, the Rev. Charles E. Michalka of Baltimore, Md. officiated and burial was in St. Monica's Cemetery.

Rosary was recited at 7 p.m. Monday at Marek-Burns-Laywell Funeral Home in Cameron.

Mr. Michalka was a veteran of World War I, a member of the American Legion, past grand knight of the Knights of Columbus, a member of the Catholic Knights of America and a retired member of the Cameron Volunteer Fire Department.

Surviving are his wife, Mrs. Bertha Michalka of Cameron; another son, William J. Michalka of Odessa; daughters, Mrs. Lillian Kruse of Bryan, Mrs. Beatrice Needles of Houston and Mrs. Frances Hopper of Fort Worth; a brother, Ralph Michalka of Cameron; 13 grandchildren and three great grandchildren.

Houston

Funeral for Mrs. Zell Houston, 76, of Cameron, was at 2 p.m. Tuesday in Marek-Burns-Laywell Funeral Home in Cameron with the Rev. Alton Robbins officiating. Burial was in the North Elm Cemetery.

Mrs. Houston died Monday afternoon in a Cameron nursing home after a short illness.

Surviving are a brother, Lee Adley of Whitney and a sister, Mrs. DeWitt Mills of Franklin.

Brown

Service was at 2 p.m. Sunday for Mrs. Gussie Brown, 60, of Milano at the Phillips and Luckey Funeral Home Chapel. Burial was in the Milano city cemetery.

Rev. Joe Dan Franklin and the Rev. D. D. Simpson officiated.

A Milano native, Mrs. Brown died Friday in a Rockdale nursing home.

Surviving are a son, Billy Joe Brown of Rockdale; a sister, Mrs. Annie Mae Smith of Milano; and three grandchildren.

McElwain

Funeral for Mrs. Irene McElwain, 45, of Belton was at 2 p.m. Saturday in Green Funeral Home at Cameron, with Rev. Dean Evans officiating. Burial was in Liberty Cemetery near Milano.

Mrs. McElwain, who had lived in Belton for 10 years, died Thursday in a Temple Hospital following a long illness.

She was a Milan County native and went to school in Milano.

Surviving are her husband, W. B. McElwain of Belton; sons, Harold Steele of Hawthorne, Nev., and Rudy Ray Miller of Belton; daughter, Mrs. Estelline Whiting of Wind Gap, Pa.; her father, Ray Miller of Milano; a brother, Roy Gene Miller of Milano; sisters, Mrs. Jo Ann Davidson of Milano and Mrs. Linda Matthews of Minerva; and two grandchildren.

CHURCH SERVICES

The tenth Sunday of the Kingdomtide season will be observed this Sunday at the morning worship service of the First Methodist Church. The Rev. Nolan Vance of Bryan will conduct the worship service.

There will be a District Rally at the A and M Methodist Church this Sunday evening at 7 p.m. for the purpose of informing the members of the churches in the Bryan District of the new building program at the Wesley Foundation at College Station.

The annual charge conference will be held in the Fellowship Hall of the church this Wednesday, Nov. 2 at 6:30 p.m. Officers for the year 1978 will be elected and programs for the new year will be projected. District Supt. Elza Love will preside at this conference that will include the Maysfield and Tracy Methodist Churches.

HAPPINESS IS PARENTS YOU TRUST

Being a baby must be a frightening existence — that is, if viewed objectively with adult minds. New things are always happening to you... things too

involved to understand... people are so big... and there are such strange sounds.

Yet the experts tell us that the natural frights of babyhood dissolve as the child realizes he is loved. Every new experience takes on happy dimensions because he has such complete trust in those who love him.

Discovering God's love for all His children is what the Christian religion is about. Men's fears and tensions give way to the realization that the Creator is someone we can trust.

This Jesus stresses when He teaches His followers to pray to the Almighty with the same confidence loving parents inspire in their child... OUR FATHER!

FOUR BECOME 25-YEAR CLUB MEMBERS -- Four residents of Cameron were inducted into the 25-Year Club at Alcoa's Rockdale Works this month. The long-time Alcoa's are from left John Brantley, potroom unit supervisor; Bentley L. Hause, potroom crane operator; Edward J. Roesler, carbon rodding restubbing operator; and Louis J. Trdy, carbon rodding casting leader. Brantley was assigned to Alcoa's Australia location in 1966 for 14 months. Hause is the only one of the four who is a Cameron native. Roesler was born at Brenham and Trdy at Marek.

GED Classes To Start In Calvert

GED Level Adult Basic Education classes will be offered in Calvert. An organizational meeting will be held Tuesday Nov. 1 at 7 p.m. in the cafeteria of Spigner Elementary School. Classes will normally meet on Monday and Thursday nights from 7 to 10 p.m.

Calvert CofC Hears Reports, Plans Trades Day, Flea Market

The Calvert Chamber of Commerce met Thursday October 20 at 7 p.m. with Eugene Gibson presiding.

Gibson introduced the Chamber of Commerce secretary, Sandra Loper, who replaces Elaine Barron.

Philip Atkins gave a report on the Calvert booth at the Heart of Texas Fair in Waco. Atkins said he has received 74 requests for information on the Calvert Hotel and on Calvert as a result of the booth. He is mailing packets of information to those who make requests. Gibson expressed thanks to all who worked with the booth, especially Briscoe Cain.

Irvin Conitz reported on the availability of the Calvert High School band for Trades Day. And Theresa Brooks discussed ideas from the Robertson County Historical Commission for Calvert Trades Day. Brooks made the motion, seconded by Mattie Pickle, to have Calvert Trades Day Saturday Dec. 17. Irvin Conitz, Theresa Brooks, and Dr. Joe Weldon Bailey are serving on the Trades Day committee.

Further discussion about Trades Day concerned strolling carolers, a living manger scene, and a lighted Christmas tree. It was decided to display the tree in the Chamber of Commerce window beginning about Dec. 1 and to put the Christmas lights up on Main Street about Nov. 20.

E. L. Maris reported that he is checking about getting a caboose which will be placed at the old railroad station location.

The big topic for the meeting was a flea market for Calvert. W. D. Lander, E. L. Maris, and Dr. Bailey are serving on that committee.

Lander reported that the location for the flea market across the street from Cochran's Supermarket has been secured. The old jail, which is located on this property, has restrooms which

Lander will work on so that they will be operational. Mayor Cooper Wiese said that the City will cooperate and assist with preparations for the flea market.

The motion was made that Calvert hold a flea market the 1st Saturday of each month, the first one being Saturday Nov. 5. The Chamber decided to offer space free Nov. 5. Thereafter, booth space will be \$3. The location will offer 500 feet of road frontage which will allow each exhibitor to have access to either a street or the alley.

Also discussed was the need to get the old City Cafe operational, especially before the Pilgrimage April 1 and 2. Gibson asked Atkins to investigate possibilities for getting out informa-

City Of Milano To Receive Planning Grant

The city of Milano will receive a \$12,000 grant from the Texas Department of Community Affairs to aid the city in planning for future growth of the area.

The Milano city council officially accepted the grant in a special called session with Mayor Charlie Martin noting "the 701 Comprehensive Planning Assistance Grant will cover base mapping, land-use study plan, housing study and plan and environmental assessment."

The council signed copies of the grant to be returned to the Department of Community Affairs. Mayor Martin said that after a brief waiting period the city would receive the appropriated funds.

Representatives of the Central Texas Council of Governments Housing and Development Division will assist councilmen in planning and studying the land for future use and development, Martin said.

tion on the vacant building. J. C. Woods noted that the building is in good condition and clean and that it is equipped.

In other business, T. Brooks brought up the subject of highway signs advertising Calvert. John Anderson is to report back to Cooper Wiese concerning regulations on such signs.

Yoemen-Eagles To Clash Friday

By Mike Peck

The Cameron Yoemen, coming off a big homecoming win over the Caldwell Hornets, are already back on the practice field pounding the pads, readying themselves for this Friday night's 23AA district clash with the Hearne Eagles at Yoe Field.

The Eagles, now 0-4 in district action, will be hunting for their first win, and are not to be underestimated looking back on their 14-13 loss to the Rockdale Tigers. The Tigers being the district leaders at this point, it is evident that anything can happen. The Eagles dropped their bout last Friday night to the Rosebud Lott Cougars 14-7.

Yoe Head Coach Max Graham had this to say about the Eagles, "Offensively they have a lot of speed in the backfield, they run a straight T and power I offense." Graham cited senior running back Alonzo Gurode as the Eagles' star in the backfield, stating "he (Gurode) is a strong runner, very strong for his weight." Walter Ward will be the other fullback to watch for as both he and Gurode have done a good job with the Eagle running offense all season.

The Eagles like to stay on the ground, a running attack similar to that of Caldwell. The Eagles will alternate quarterbacks, as both Parker Smith and Joe Ferrara have started and have seen a

lot of action this season.

Defensively the Eagles run a 59 Rover. Graham cited 180 pound senior Kenneth Gradington as one of the best Eagle defenders. Gradington will fill the defensive line-backer and offensive guard position for the Eagles. Gradington was picked as an all-district offensive guard last season.

The Eagles also rely strongly on senior nose guard Charles Williams, and defensive tackle Lewis Humber to round out the Eagle defense.

The Yoe offensive lineup will sport the same winning combination it has all season. Wayne Steamer will be calling the plays for the Yoemen. David Rosemond and Dean Lewis will alternate at the halfback slot, Curtis Wise will be back in the lineup at the wing back position, Errol Spells at fullback, guards Gary Lewis and Charles Hardamen, tackles James Thomson and Jimmy Zalesky, center Albert Hanel, tight end Ronald Cobb, and split end Roderick Kelley.

Yoe Defense will see only two changes, as Mike Marek will fill in for Dutch Short at the tackle position. Short still out with a neck injury, and Gary Lewis in for Billy Pair at the guard position.

The remaining lineup will stay the same, seeing Zalesky and Ray Riley at tackles, John Schmidt and Nathaniel Whitfield at the ends, Stephen Hollas and Chris Jenkins at inside linebackers, Errol Spells and Billy Pittman at halfbacks, Steamer and David Rosemond at safeties, and Albert Hanel at center.

P&WD Warns Hunters About Fire Hazards

Hunters, full of anticipation when at last they head for the country, already have had a lot on their minds in the way of preparation. There have been leases to arrange, permits to obtain, and their equipment and themselves to get into condition.

However, the Texas Parks and Wildlife Department warns there is another important matter that should not be overlooked. It has to do with fire safety.

Extreme caution always should be used in the outdoors, to prevent grass and forest fires. This year, after such a long, dry summer, there is even more need for awareness.

Be sure the exhaust system on your vehicle is in good condition and drive only on defined roads. Catalytic converters can be especially dangerous. When camping, build fires only in designated areas, and get permission from the landowner if you are on private land.

Gasoline lanterns, stoves and heaters should be allowed to cool before refueling, then placed on the ground in a cleared area to fill. If any fuel is spilled, move stove or lantern to a new clearing before lighting. Always recap and store flammable liquid containers in a safe place. Never light lanterns and stoves inside a tent, trailer or camper. When you must use the lantern or stove inside one, be sure to have adequate ventilation.

Be careful with matches and smoking materials. Make certain your match is out; hold it until the charred portion is cold and break it before discarding. Grind out your cigarette, cigar or pipe in the dirt. Never grind it on a stump or log. It is unsafe fire practice to smoke while walking or riding a horse or trail bike. While in your car, always use the ashtray.

Everyone should know beforehand where to report fires. If one does start, keep calm and follow safety rules. Fires caught early can be extinguished efficiently by one or two persons. Carry fire-fighting equipment, including extra water, burlap sacks and a shovel. A coat or shirt can be used to beat down a small fire; if the ground is loose, throwing dirt on the source of the flame also is effective.

But if there is any doubt as to whether or not you can handle the fire, go for assistance. By telephone or a citizens band radio, relay to the authorities the best possible description of the location and size of the outbreak.

Fire is a dangerous and destructive enemy outdoors. A careless mistake can lead to tragedy for man and wildlife.

Lone Star Prepares For Winter Demand

Dallas -- Even though Lone Star maintained uninterrupted natural gas deliveries to more than 1.1 million residential and commercial customers during the past record-breaking winter season, the Dallas-based utility has prepared for improved services to all customer classes as the 1977-78 winter months approach.

Harry King, vice president of Lone Star's Transmission Division, announced that on October 14, 1977, the company had increased its gas supply in underground storage by about 2-1/4 billion cubic feet, or 4.6 percent more than last year.

"This means," King explained, "an increased daily gas availability for Lone Star customers. We injected gas into our storage areas earlier than in our previous years' storage injection patterns. In addition, the Federal Power Commission approved the company's plan to serve the Wichita Falls area from its intrastate system, which will improve service in that area and will provide the available interstate gas to fewer customers on the interstate system."

Texas customers will experience increased natural gas availability for two reasons, according to King. A gas treatment plant at Teague in Freestone County is being expanded and will more than double the daily volumes of natural gas available to Lone Star's pipeline network from that plant. Secondly, Lone Star anticipated having additional gas supplies daily from its current suppliers.

"Barring weather-related interruptions, these additional gas supplies could reduce the level of industrial curtailments in the 1977-78 winter heating season," King said. "Nevertheless, industrial and power generation users should expect normal curtailment patterns when residential and commercial customers, our highest priority users, experience increased heating demands."

King added that Lone Star's industrial and power generation customers are contractually subject to scheduled curtailment and are required to have stand-by fuel if the continuity of the operation is essential.

SOCIAL SECURITY

Question: I am 66 years old and my Medicare hospital insurance deductible for 1977 was \$124. I have heard that the deductible will be raised in 1978. Is this true?

Answer: Unfortunately, you have heard correctly. The Medicare hospital insurance deductible will increase to \$144 for benefit periods beginning on and after January 1, 1978. For the 61st through 90th days in a hospital, you will be responsible for \$36 a day (up from \$31). Medicare will pay all but \$72 (up from \$62) a day on your life time reserve days.

If you are in a participating skilled nursing facility in 1978, you will now be responsible for \$18 a day for the 21st through the 100th day.

Question: At what age can I retire from my job and get a social security check? Will there be a reduction if I retire before a certain age?

Answer: Nowadays most people tend to think of Social Security retirement in terms of starting reduced benefits at age 62 rather than waiting for full benefits at age 65.

Based on actual estimates concerning how long people in general can expect to live, the same total amount of benefits can be paid over a longer period of years if monthly benefits are smaller the earlier they start. At age 62, the earliest age Social Security retirement can start, the reduction is 20 percent. The actual amount of reduction in Social Security benefits at retirement is 5/9 of this for each month under age 65 when entitlement begins.

Question: My daughter is 16 and has a severe kidney ailment. Since she has never worked and neither my wife nor I get social security benefits, is there any way my daughter can get help from Medicare?

Answer: If either you or your wife has worked long enough un-

der Social Security, Medicare can help pay the bills for your daughter if she has permanent kidney failure. Call or write any Social Security office for more information.

Question: I live alone in a rented room and my only income is \$150.50 a month from Social Security. Can I get Supplemental Security Income?

Answer: If you're 65 or over, blind, or disabled, and your resources are limited, you may be eligible for some Supplemental Security Income (SSI) payment. It might be just a few dollars a month, but every little bit can help nowadays. Call or write any Social Security office for information about applying for SSI benefits.

Choose Right Type Of Wood For Burning In Fireplace

With winter weather just around the corner, homeowners will soon be making preparations for sitting by a glowing fireplace. But these dreams of a warm fire and a cozy fireplace may go up in smoke if the wrong type of wood is purchased, cautions a forestry specialist for the Texas Agricultural Extension Service.

"Since firewood purchases are not covered by consumer protection laws, it is the responsibility of the buyer to shop and choose the right type of wood," points out Bill Smith.

"Price comparisons may be difficult since firewood may be sold by the standard cord, the face cord or the truck load," he adds.

A standard cord is 8 feet long, 4 feet wide and 4 feet high, or 128 cubic feet. On the other hand, a face cord measures 8 by 4 feet on the face of the stack, with the wood cut into smaller pieces. The face cord measures about two-thirds less than the standard cord.

"The best way to compare prices is to calculate the cubic feet of wood. Measure the stack and multiply the length by the width and by the height," suggests the forestry specialist.

Following this advice will also keep the unwary buyer from making a mistake out of what appears to be a bargain. Cubic feet

measurements should also be used on truck loads of firewood. "Certain types of firewood also burn better than others," says Smith. "Hickory, white oak, red oak and pecan are excellent, long-burning woods with a high heat output. However, pine and cedar are softwoods that make excellent kindling but produce only short-burning fires."

A combination of softwood for kindling, hardwood for heat, and fruit or nut wood for aroma will make shopping around worthwhile, contends the forestry specialist.

"Always choose dry, light-weight wood over green wood," says Smith. "Drier wood can give up to 20 per cent more heat than moist, green wood."

Additional information about various types of firewood is provided in a publication, "Buying and Using Fireplace Wood," available at any county Extension office.

LEGAL NOTICE

Do you have property that is now being rented by a satisfactory tenant? If so, Section 8 Housing Assistance has a program that would, in most cases, increase your earnings and at the same time decrease the actual cost of housing for your tenants.

The Section 8 Program is especially beneficial to elderly renters who receive Social Security or other retirement payments. It is also beneficial to property owners by making up the difference between what is a reasonable rent to low-income tenants and what is a fair return on the landlords investment.

If you have a tenant that is elderly, let us talk with you at your convenience and fully explain our program. Call our office between 8:00 & 5:00 any weekday and we will be happy to contact you and show you the many advantages we have to offer landlords in the Cameron area.

FACTS & FIGURES
The country with the second highest rate of taxation is the United Kingdom. There the rate for taxable incomes over \$46,000 is 83 percent with an additional surcharge on investment income of 15 percent, making a total rate of 98 percent.

After a period of negotiations, the title insurer obtained a deed conveying the interest of the heir to the buyer. In this situation, the seller agreed to pay for the interest of the heir under the general warranty provisions of the deed he gave to the buyer.

With this payment by the seller, and payment of the attorney's fee by the title insurer, the matter was resolved without financial loss for the buyer.

As the preceding example indicates, owner's title insurance will pay for defending against an attack on title as insured—and will either perfect the title or pay valid claims. All this is in addition to disclosing title problems of record through a title search which, by being eliminated, will save the buyer from future title difficulties.

UNEXPECTED CLAIMS
All of the potential claims against real estate ownership do not appear before transactions are completed. The experience of a home buyer in the Southwest will illustrate.

Several months after purchase, this particular buyer was confronted by a previously undisclosed heir of a former owner of his real estate—who claimed a one-eighth interest in the property. Since the buyer was protected by owner's title insurance, the title company retained an attorney to represent its insured.

After a period of negotiations, the title insurer obtained a deed conveying the interest of the heir to the buyer. In this situation, the seller agreed to pay for the interest of the heir under the general warranty provisions of the deed he gave to the buyer.

With this payment by the seller, and payment of the attorney's fee by the title insurer, the matter was resolved without financial loss for the buyer.

As the preceding example indicates, owner's title insurance will pay for defending against an attack on title as insured—and will either perfect the title or pay valid claims. All this is in addition to disclosing title problems of record through a title search which, by being eliminated, will save the buyer from future title difficulties.

Baptists Plan Annual Session

DALLAS A record \$28 million budget for state and world missions causes, and considerations related to more than 20 educational and human welfare institutions will draw the spotlight at the annual session of the Baptist General Convention of Texas, Nov. 1-3 in Fort Worth.

Evangelist Billy Graham, a Southern Baptist, will address the 6,000 representatives of the two-million-member BGCT expected to attend the annual session. He will speak on Wednesday evening, Nov. 2, in the Tarrant County Convention Center, which will be the location of all the meetings.

Jimmy R. Allen, president of the 12-million-member Southern Baptist Convention and pastor of the First Baptist Church of San Antonio, will speak on Wednesday afternoon. BGCT President Milton E. Cunningham of Houston and BGCT Executive Director James H. Landes of Dallas will present addresses at the opening meeting on Tuesday evening, Nov. 1 after a convention welcome from Fort Worth Mayor Hugh Parmer.

"Bold Mission -- Our

Mission" is the theme of the 92nd annual session. The program will relate Texas Baptists to Bold Mission Thrust, the Southern Baptist plan to evangelize the world by the year 2000.

The annual convention sermon will be presented at the Wednesday morning meeting by Browning Ware, pastor of First Baptist Church of Austin. The budget presentation is also scheduled for this session.

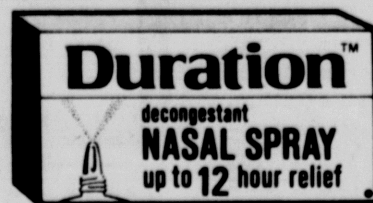

Special program features will include a tribute on Tuesday evening to the late James G. Harris, who was serving as Texas Baptist president before his death in July. He was pastor of University Baptist Church in Fort Worth. The 1977 Texas Baptist Communications Award will be presented on Wednesday evening to Clint Formby of Hereford, partner and manager of four Texas radio stations.

Prior to the convening of the BGCT annual session, annual meetings are scheduled on Oct. 31 and Nov. 1 for the Texas Baptist Men at the convention center theater, and for the Woman's Missionary Union at Broadway Baptist Church in Fort Worth.

Trick or Treat?

Whether you take your youngsters trick or treating or have a group in to celebrate, Halloween has long been a favorite party time of young and old alike. Here are a few guidelines to make this a fun time for all.

Dress up your favorite goblins in fun costumes. No masks to obscure vision, use face makeup instead. For trick or treating, select light colored costumes that do not drag the ground. Add reflective tape for fun and in-

terest and to be sure you're visible to motorists. Use flashlights not candles in take-along-Jack-O-Lanterns.

After the trick or treating journey around your own neighborhood, bring the neighborhood youngsters and oldesters in for a treating party. Bob for apples and pin the tail on the donkey can be a fun way to finish this Halloween in safety.
